

2011 Cleanup and Abatement Projects

SWRCB DIVISION OR REGION	TITLE	DESCRIPTION	TYPE	AMOUNT APPROVED	APPROVED DATE
DFA	City of Imperial Beach - Los Laureles Canyon Trans-Border Trash Tracking	Produce a scientific record of unmanaged open dump sites in Los Laureles Canyon, track trash flow to Tijuana River National Estuarine Research Reserve and share scientific record w/stakeholders.	PROJECT	\$ 15,000	4/20/2011
DFA	Colorado Lagoon Restoration Project	Dredge and remove sediment from the western arm and central lagoon, and re-contour and re-vegetate these portions of the lagoon.	PROJECT	\$ 3,300,000	5/17/2011
DFA	San Jerardo WWTP & Sanitary Sewer Improvement Project	This project will line the first two ponds, expand the leach fields and install monitoring wells, as well as provide repairs to the sanitary sewer collection system and implementation of conservation measures in the homes of the disadvantaged community to reduce sewage production through water conservation. This project will lead to additional monitoring and improvement of the groundwater quality.	PROJECT	\$ 1,994,490	5/17/2011
DFA	Airport Sewer Infrastructure Project	For design and engineering of sanitary sewer infrastructure improvements within the Airport District community.	PROJECT	\$ 447,729	8/16/2011
DFA	Shackelford Sewer Infrastructure Project	For design and engineering of sanitary sewer infrastructure improvements within the Shackelford (Parklawn) neighborhood.	PROJECT	\$ 296,830	8/16/2011
DFA	Hi Desert Wastewater Treatment	For the planning, design and construction of a wastewater treatment facility and collection system to serve the residents of the Yucca Valley area. The wastewater systems will result in the elimination of septic system discharges into the groundwater.	PROJECT	\$ 1,500,000	11/1/2011
DWQ	Pinto Lake	Implement and test treatment technologies which may prevent/abate toxigenic formation or treat toxins which have contributed to declines in lake water quality.	PROJECT	\$ 100,000	2/9/2011
DWQ	Beach Safety Program	Continue to fund the Beach Safety Program for the period of 1/1/12 to 6/30/12. DWQ to issue appropriate contracts.	PROJECT	\$ 492,000	11/1/2011
OE	Expert Witness Fee	Plant Operator Certificate. The witness will assist in determining the appropriate standard of care for a certified operator holding a Grade V Operator Certificate.	PROJECT	\$ 7,000	6/20/2011
OE	Southwest Water Settlement/Oversight	Settlement Funds for Reimbursement of Staff Costs	OVERSIGHT	\$ 250,000	11/10/2011
OIMA	Pesticide Permits Toxicity Impacts	Study to determine if pesticide applications to control invasive species and vectors are causing toxicity in receiving waters as specified in the Statewide General NPDES Permit for Aquatic Animal Invasive Species Control Applications.	PROJECT	\$ 500,000	4/5/2011
OIMA	ACL Automation Project	Accounting for Administrative Civil Liabilities	PROJECT	\$ 46,800	11/17/2011
Region 2	Emergency Vessel Cleanup	Remove and dispose of Hazmat from decaying vessels on SF Bay.	PROJECT	\$ 40,000	10/21/2011
Region 4	Honeywell MOU	Oversee special projects, initiate investigations and removal actions at potential sites in North Hollywood.	PROJECT	\$ 250,000	11/10/2011
Region 4	Los Angeles Dept. of Water & Power	Identify, assess and clean up sites impacting 17 drinking water wells in San Fernando Groundwater Basin.	PROJECT	\$ 500,000	11/10/2011
Region 5	San Joaquin Valley Oversight Costs	Funds from Hammer field settlement to be used for the purpose of water quality site cleanup efforts in the San Joaquin Valley.	OVERSIGHT	\$ 163,836	7/1/2011

2011 Cleanup and Abatement Projects

SWRCB DIVISION OR REGION	TITLE	DESCRIPTION	TYPE	AMOUNT APPROVED	APPROVED DATE
Region 6	Discharge of Perchlorate	Provide replacement bottled water for two residences.	PROJECT	\$ 1,215	5/5/2011
Region 6	Barstow Perchlorate Investigation	Initial investigation will verify source of perchlorate and determine extent of plume.	PROJECT	\$ 99,000	6/6/2011
Region 6	Tahoe Meadows Remedial Investigation	Laboratory analysis of domestic well samples associated with tetrachloroethylene (dry-cleaning solvent) contamination from an unknown source in South Lake Tahoe.	PROJECT	\$ 97,431	12/20/2011
Region 9	San Diego Bay Sediment Cleanup	The project will fund environmental consultation services which will assist the San Diego RWCB with sediment quality investigation at numerous contaminated sediment cleanup sites in San Diego Bay. The project will result in the completion of plans and studies which will be foundational documents used to develop and implement TMDL's for these sites. TMDL's will primarily benefit people who use San Diego Bay as a fishery.	PROJECT	\$ 99,579	7/14/2011
Region 9	Shipyards Sediment Site EIR	Funds are needed to retain LSA Assoc. to respond to comments and complete analysis on Draft EIR for the Shipyards Sediment Cleanup Project.	PROJECT	\$ 20,000	9/8/2011
TOTAL				\$ 10,220,910
